MY ALCHEMY AW 2023

Alchemy Yachts, the Italian shipyard, has delivered the 55 meter motor yacht Alchemy, the first of the Alchemy Yachts Alchemy Series, designed by the Milan based studio Zuccon International Design (ZID) and built in Alchemy Yachts' state-of-the-art facilities in Viareggio, Tuscany, Italy.

Alchemy is the result of a collaboration between the owner, the shipyard and the design team, who worked together to create a vessel that combines Italian craftsmanship with cutting-edge technology and innovative design, resulting in a yacht that is both beautiful and functional, as evidenced by her exceptional sea trials.

EXTERIOR DESIGN

Alchemy's exterior design is characterized by a sleek and modern profile, with a focus on clean lines and a strong visual presence. The design incorporates a mix of traditional and contemporary elements, with a balanced proportion between the hull, superstructure and deck areas, creating a harmonious and visually striking silhouette.

OPEN AIR COMFORT & SUSTAINABILITY

Alchemy's exterior features several outdoor areas, including a spacious beach club with a retractable canopy, a sun deck with lounging areas and a jacuzzi, and a flybridge with a bar and dining area. These spaces provide ample opportunities for guests to enjoy the yacht's amenities while maintaining a connection with the surrounding environment.

Alchemy is equipped with state-of-the-art technology and systems to ensure a comfortable and efficient cruising experience. The yacht is equipped with a hybrid propulsion system, which allows for reduced emissions and fuel consumption, as well as a quiet and smooth ride.

The yacht also features a range of sustainable technologies, including a wastewater treatment system, a waste heat recovery system, and a high-efficiency HVAC system. These technologies contribute to the yacht's overall sustainability and environmental performance.

Alchemy's interior design is characterized by a contemporary and luxurious aesthetic, with a focus on comfort and functionality. The yacht features a range of high-quality materials and finishes, including wood, leather, and stone, creating a warm and inviting atmosphere throughout the vessel.

The yacht's layout is designed to maximize space and provide a variety of spaces for guests to relax and socialize, including a spacious main salon, a dining area, a beach club, and several outdoor areas. The design of the yacht's lighting is carefully considered to create a warm and inviting atmosphere, with a mix of ambient and task lighting throughout the vessel.

Description

PERFORMANCE & RANGE

Alchemy is powered by two MTU engines, providing a total of 2,000 horsepower and a maximum speed of 14 knots. The yacht's range is impressive, with a cruising range of 4,000 nautical miles at a speed of 12 knots, allowing her to cover a vast amount of ocean without needing to refuel.
